PREMIUM GARDEN MULCH

Dust-Extracted Straw Mulch

A clean, chemical-free straw mulch that helps retain moisture, reduce weeds, and protect soil—ideal for gardens, landscaping, and lawn seeding.

Key Benefits

DUST-FREE & CLEAN:
- Remove dust, weeds, and seeds.
- Ceaner, more consistent application.

RETAINS WATER EFFICIENCY:
- Helps soil retain moisture longer.
- Reduces the need for frequent watering.

DEFENDS AGAINST EROSION:
- Protects soil from wind and rain.
- Helps maintain soil stability.

MINIMIZES RAIN SPLATTER:
- Reduces soil and dirt splashing.
- Helps keep fruits and vegetables cleaner.

INSULATES SOIL BEDS:
- Helps regulate soil temperature.
- Protects plant roots from weather changes.

100% NATURAL & ECO-FRIENDLY
- Made from natural materials.
- Biodegradable with no chemical additives.

Best Uses / Recommended For

- Vegetable gardens & flower beds.
- Professional landscaping services and walkways.
- Indoor/outdoor use (where applicable).
- Tree and shrub bases.
- Protective mulching for better lawn germination.

Application tip

Apply an even layer over soil or newly seeded areas. Reapply as needed to natural areas based on weather conditions and coverage goals
